I support David Duke and promote his books and website. But despite many letters and explanations from many Christian Identity scholars through out 30 years (they are also brave patriotic verbal-warriors) WHY does he continue to ignore them all and join with the naive, gullible (but well-meaning) Judeo-Christians who don't study history or their Bibles, and promote the BIGGEST TWO JEW LIES in 2300 years: that the Jews are the people of the Old Testament (God's Chosen) and that (Aryan) Jesus Christ was a fekkín anti-Christ, satanic, false-accusing Jew?

Is DD really interested in the whole TRUTH, or is he scared of a bit of further study and being ridiculed and losing \$supporter\$/donor\$?

And DD might have to admit that he, like millions of other (nominal) Christians, myself included, fell for two brilliant, cunning, devastating jew mega-lies, that he was mistaken in a historical section of his books, and he would direct supporters to an Erratum on his website. Now THAT would be the mark of a truly GREAT Caucasian leader!

He would suffer short-term only. He has the verbal skills to defend this vital revisionism, but has he the moral rectitude and grit? 40M evangelicucks in the US alone would question and probably drop their current jew/devil-worship ('Judeo-Christianity') and join us and our TRUTH and Caucasian-preservation movement.

Listen, frankly, as long as you standing up for the survival of our race and in opposition to the Jewish supremacists who have killed tens of millions of us, I will respect you and your beliefs although, I have read and studied at least a hundred books on "Identity" and knew many of the very finest Identity preachers, and was very close with many of them.

But, I am sorry to tell you, I just don't believe it. It offends my historical knowledge, my genetic knowledge and my logic. When I read the Torah and the Talmud, I see the same Jewish extremist murderous Jewish character. I really don't want to spend my time or cause hard feelings by telling you my opinions.

Perhaps the only thing I will say is the biblical foundation of the Jewish people, or you might think the White people. The story of Jacob and Rebecca and Esau. the story goes that Jacob is supposedly the source or our people. But when you read the story closely and intelligently it is the most extreme kind of Jewish character I have every read. Jacob was not first born, and so he and his mother Rebecca scheme to defraud his sick father from giving his blessing to Esau, his duitiful son who was an outdoorsman and hunter like so many of us, who alwars served his father loyally. Jacob flat out lies to his father on his deathbed, drying to disguise himself as Esau., responding to the pleas from his father tell him the truth, but lies and inststs he is good Esau, In the end you read that the whole foundation of what is called Jews is based on baldfaced lies and deceit.

So the father thinking its Esau give Jacob the blessing. and then for some reason, instead of punishing Jacob for the worst of treason and deceit in typical Jewish fashion, he says, no a technicality, (typically Talmudic, meant that Jacob could steal his brother's birthright, so he could father the great and wonderful Jewish people.

I will not go on, it is disruptive divisive force in our movement. You can believe whatever you want to believe, but I simply don't believe it, I could go on for hours about how the clear characteristics of these people are not Aryans. I also know enough about European anthropology that the idea that in the last 3 or 4 thousand years that Israelites traveled to Europe and became the European peoples.. is patently absurd. Genetics absolutely proves that ancient remeains of Europeans all over Europe are genetically identical to modern European Scandinavians, Nordic, Alpines who lived there tens of thousands of years before the bible was ever even written.. So the whole story is with no historical merit. That's my opinion based on overwhelming scientific and genetic evidence. Our ancestors for instance actually even travelled from ancestral Europe to North America about 30,000 years ago.by the way there has been a lot of remains of ancient Hebrew people, and their genetics are absolutely not ours, alien from ours, and very very similar to modern Jews!

So, believe what you want, and wouldn't say say a word about Identity, except for the face that some people such as yourself try to denigrate me as not being openminded on the subject or educated on the subject or smart to understand your revealed truth. I resent that accusation, and I have never stood up or even on my radio program said a word negative about your beliefs. Again, I have known and been friends with the top men of your beliefs, such as Bertrand C, and my good good friend of the late Pastor in Wyoming who died not too long ago..

I think it is easier for Christians to focus on the New Testament and preach that the Jews betrayed Gpd, crucified Christians, and did all kinds of inequity and evil.

Or if someone is Pagan, or a nonbeliever, those who fight for our people are my brothers, and even though you are quite denigrative of me, as long as you fight against the Jewish tyrants. But, this is a racial fight, if you have particular belief religiously fine, but this is not a place to be an evangelist for your particular beliefs. You don't see in long tirades from me so give me, and give us all a break and spend your time exposing and defeating the Jews rather than semantic arguments that Jews were not called Jews till relatively recent days, but the hebrews were around a long time. So I am not interested win whether the Jews or counterfeit Jews or that we are real Jews, some identity guys in South Africa actually study and speak Hebrew and grow Jewish earlocks,

That's it maybe cause I am just tired, that I even dived in this, just quite a bit tired after a long day of work for our race.

Please lighten up. Believe what you want about the things you want to believe. But, let's spending our time arguing about things that don't bring us closer to victory. If your God is White racist old testament Hebrew but really White, He sure didn't raise a finger to save all the beautiful little blond girls raped and tortured and murdered by the Jews and Soviets. I would like to believe in an afterlife it is normal for Eurpeans if you look at our histories, But if you want to know how to fight for our racial survival it will be be fought in spiritual ways that I don't find in the Torah or Talmud.

thanks, Dr. Duke excuse the typos no proofing tonight, its too late.

Thank you Dr Duke, I remember the first time I heard your audio book. Your description of arriving to Athens made me feel so proud to be born there and be from that Culture. Love your work and dedication to our People Sir, you will be knighted one day, hopefully soon. Please disregard people being rude and combatative on this forum.

I believe the Torah is a collection of stories based on a shared culture from that time period. You can find similarities between it, the Vedic literatures, the Enuma Elish and many other ancient religious texts. The difference is, is that the Torah is written from the point of view of the Hebrews, so every horrible loss for our people, was a great victory to them. It's possible that Amalek is what is supposed to be us in the book, they have associated them with many Aryan empires in the past, and even with white people directly. As to why

physical being that lies in a higher dimension, or if he is the universe itself?

Of course, it's all meaningless in the short term. All the philosophy and ancient history in the world won't save us, and it's merely something to take note of if we are to win. All one needs to understand is that Jews are our enemies, and they have nothing but genocidal hatred for us. One only needs to look at the Talmud for proof of that. Our people's history has been manipulated, covered up, and destroyed for a long time. There will be no way for us to uncover the truth while Jewish academics are the gatekeepers. It will just have to be one of the many things we have to piece back together.

Hello Dr Duke, Thanks very much for your detailed reply, which helps clarify your stance. But none of us is beyond criticism. In my opinion, you are still wrong on some counts.

I am trying to be constructive. These are crucial issues, of life and death, and naturally controversial. Good! I can take it. Unlike the Jooz, we Aryans relish debate, and controversy, and don't want to "Shut it down" on grounds of supposed 'disruptive/divisiveness'. If you don't like a subject, just skip it. Simple. I have to plough through hundreds of rubbish postings here before I find a few gems.

AA observes how many ordinary Stormers are interested and excited by these sort of philosophical-religio-historical articles -- usually getting 400+ comments. Unfortunately, many nationalists are understandably totally sick of (gullible, ignorant, confused) 'Christians' shilling for the long-term enemies of Christ and Christian civilisation, or what's left of it! So we must QUIT repeating Joo LIES of their, and our, ORIGINS.

But deep-down, Stormers know 'things have gone too far'. The Joo, with his \$\$\$\$\$\$ and control and satanic guile and ruthlessness is still Master of the Planet (only for a short while longer) as he was back in JC's time, when he took Him out to the desert and showed Him his wide kingdom, and offered Him a junior partnership.

Only our Aryan kinsman-redeemer JC can, and WILL SAVE us, now!

But we must first understand and Repent and come out of this (Revelation) Mystery Babylon debt/usury, economic, financial, commercial, materialist violent System first. And strive to follow His perfect Laws of separation, kind-after-kind etc!

There is NO political solution! CI, or DD or AA or Trump or Putin or Farage or Marine Le Pen will not save us now. Obama was probably 95% surrounded by Jooz; Trump is probably 85% surrounded!

Only the CI interpretation of genuine Christianity can prove, with masses of historical, scriptural, and even genetic evidences (King Tut 99% DNA concordant Irish-Scottish) that the Jooz are lying and deceiving the goyim big time, when they claim, falsely, to be the People of the OT, and that Christ was one of them---2 monstrous lies and indeed blasphemies.

It is irresponsible to advise folks to "Stick to the New Testament only" as they can never possibly understand Christ's Handbook of Christianity of 1300 pages by STARTING at page 1024!!! This is why we have so many Evangelicucks and Judeo-Churchianity!

These old US Identity preachers got plenty right, and had a far better understanding of the Christian Scriptures and history than all the modern "Judeo-Christian" preachers put together. But these were only men, and still got some important doctrine wrong. We try to build on the shoulders of these great preachers like (Huguenot-Californian) Bertrand Compere. We modern CIs have the great advantages of the Web and another 40 years of history (actually fulfilled Bible prophecy) to reflect on and see that the Bible IS TRUE.

DDuke ignores the fact that Esau was a race-mixer, and that Rebecca was more troubled with that than Isaac, who loved his belly. So Rebecca made the arrangements and compelled Jacob to play along. Jacob did not want to deceive his father. Once Isaac realized what happened, he did not retract or punish Jacob because he realized his wife was correct. Esau was a race-mixer, could not carry on the family line, and Rebecca compelled Isaac to recognize that." God HATED Esau only because he despised his birthright and adulterated his Holy seedline with Cainite Jooz.

Jacob-Israel may have been home boy, but he walked hundreds of miles through the hot wilderness back up to Haran (Padam Aram/Mesopotamia) ---exactly to where The Garden of Eden was, and exactly where the Russian Archaeologist alone reckoned was the Origin of the Indo-Europeans--in Mallory's classic 1962 book. He found a White Hebrew (not Joo) wife and kept the (proto-Caucasian) Holy bloodline PURE.

Sorry, I have to go to work, so for more gems try christogenea.org and Links, including Bertrand Compere updated by Clifton Emahiser and Bill Finck.

So is this argument whether or not Christianity was founded by ancient hebrews (supposedly similar to today's Jews) or native Europeans? I lack quite the knowledge on the subject of religion.

What I'd like to know is what is the ethnogenesis of modern Jews? Was the Khazar theory still relevant? Are they mostly Caucasian with other mixes? They SEEM white but they always have that 'look' on them that isn't exactly european. Maybe negroid with mongoloid a bit? who knows.

I thought the Daily Stormer was SUPPOSED to be rude and combative! That's largely why it's popular.

Is DDuke a demi-god here, and beyond criticism?

I also like Mark Collett, but his sycophancy and 'My Awakening' book-plugging! Yuk!
And his book 'The Fall of Western Man' begins with 2 chapters on The Id, the Ego and Superego--as the basis of understanding how our minds work! The arch Zionist-Jew Freud's ideas were junked 50 years ago by all serious psychiatrists, but kept on at trendy Universities as they didn't have to actually cure anybody with real mental illness. Neither men should not be promoting big Jew lies. But Collett is young and has an excuse.
